

Holy Family Catholic School

Elmira, New York

July 30, 2020

Dear Holy Family Parents and Responsible Parties,

Below are the tuition charges for the 2020-2021 school year. We have waited until now to set tuition rates so we could better define the additional expenses of operating the school during the continuing pandemic. Building modifications, increased sanitizing equipment and supplies will all increase our operating costs for the upcoming year.

Even with projected higher operating costs the tuition for 2020 -2021 reflects an increase of slightly over 5%. We are limiting the tuition increase as we recognize the disruption of families' incomes resulting from the pandemic.

Student families should be aware that this minimal tuition increase requires prompt payment of 2020 -2021 tuition bills. We will closely monitor parent accounts for overdue payments and quickly contact parents if tuition payments are not made on the parent selected schedule.
